insulated Korfil Hi-R
design for energy ef-
ficiency**

Spec-Brik® Jumbo

Spec-Brik Jumbo is a full high (8"x16" nominal face dimension) concrete masonry unit with brick color blends that is perfect for partially or fully grouted single wythe walls or veneers. Spec-Brik Jumbo is often specified as an economical complement to 4" high Spec-Brik for walls on the back side of a building.

Applications

- Single wythe load bearing walls with brick aesthetics.
- Concrete masonry veneers with brick aesthetics (4" unit width) in all Climate Zones.
- Double exposed masonry single wythe walls with insulation inserts or foamed in place insulation in Climate Zones 1-2.
- Consider Spec-Brik HI-R-H pre-insulated masonry for use in all climate zones.
- Exterior exposed masonry single wythe walls with interior insulation, furring and wall-board in all Climate Zones.

Features

- ASTM C90 – Load Bearing Masonry
- Double exposed masonry with brick aesthetics for durable architectural finishes inside and out.
- Suitable for either full or partial grout construction.
- May be constructed as a fully grouted wall to increase fire resistance up to in excess of four hour rating.
- Made with integral water repellent and optional **Water Control Technology** web design for superior moisture penetration resistance.

Construction Efficiency

- Much more efficient and cost-effective than constructing clay brick walls with frame, masonry or other back-up walls
- Utilities (plumbing and electrical) readily fit in unit cores and horizontal voids.
- Offered in 4", 6", 8", 10" and 12" widths and a variety of fittings.

Aesthetics

- Scale: 8"x16" face dimension
- Colors: Available in 12 standard brick blend colors; consistent nationwide.

Spec-Brik® Jumbo Colors

Spec-Brik is available in 12 Standard Colors (custom colors are also available)

Basalt Blend

Chesapeake Blend

Delaware Blend

Dixon Blend

Flint Blend

Gardner Blend

Houston Blend

Jefferson City Blend

Panama City Blend

Philadelphia Blend

St. Cloud Blend

Stanton Blend

The colors above are digital renderings of blended Spec-Brik colors. Due to the limitations of the printing process and the importance of viewing masonry materials under realistic site lighting conditions, we strongly recommend viewing a sample board before making color selections and using a job site sample panel as the basis for acceptance of the final work.

Resources for Designers

Samples: please contact us at info@concreteproductsgroup.com to arrange delivery of Spec-Brik samples.

Design Tools: we offer a variety of design and construction resources for designers, including these manuals:

Other Resources:

- A full set of construction videos showing how to build single wythe walls with Spec-Brik.
- Guide specifications.
- Construction Details in .pdf, .dwg and .rvt formats
- Construction and design note series.
- Detailing Manuals available in interactive pdf formats.
- Color Rendering software, Masonry Designer, with Revit plug-in.

Please visit our on-line design resource center at <https://resources.concreteproductsgroup.com>

Nationwide Availability

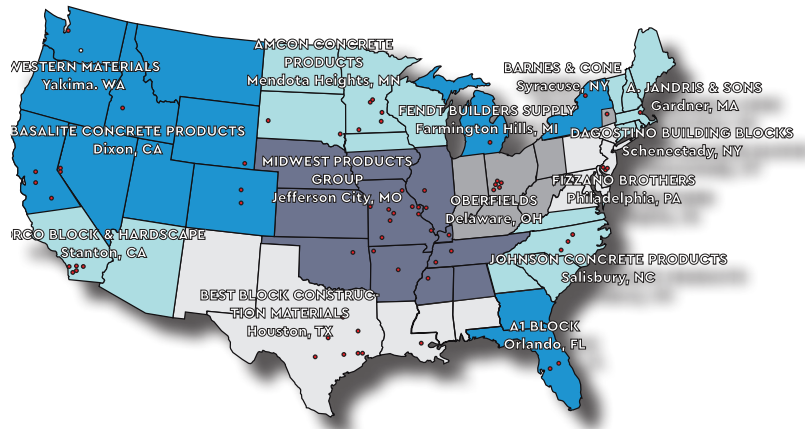

The Concrete Products Group LLC (CPG) consists of regional market leaders in the concrete products industry. CPG is organized to provide consistent, top-quality products to regional and national customers. CPG provides industry leading support and service throughout the nation.

We provide a comprehensive set of design resources to support designers, including a library of CAD Details, design notes and videos and color selection and rendering tools that are available via a Revit® plug-in.

Please contact us if we can assist with your next project.
