

WHY PAVERS

APPEARANCE

Available in many colors and styles, paving stones are made to complement the architectural style of your home and your personality.

DESIGN VERSATILITY

When it comes to design, pavers can be used for just about any project including walkways, patios, pool surrounds, roof decks and fire features.

DURABILITY

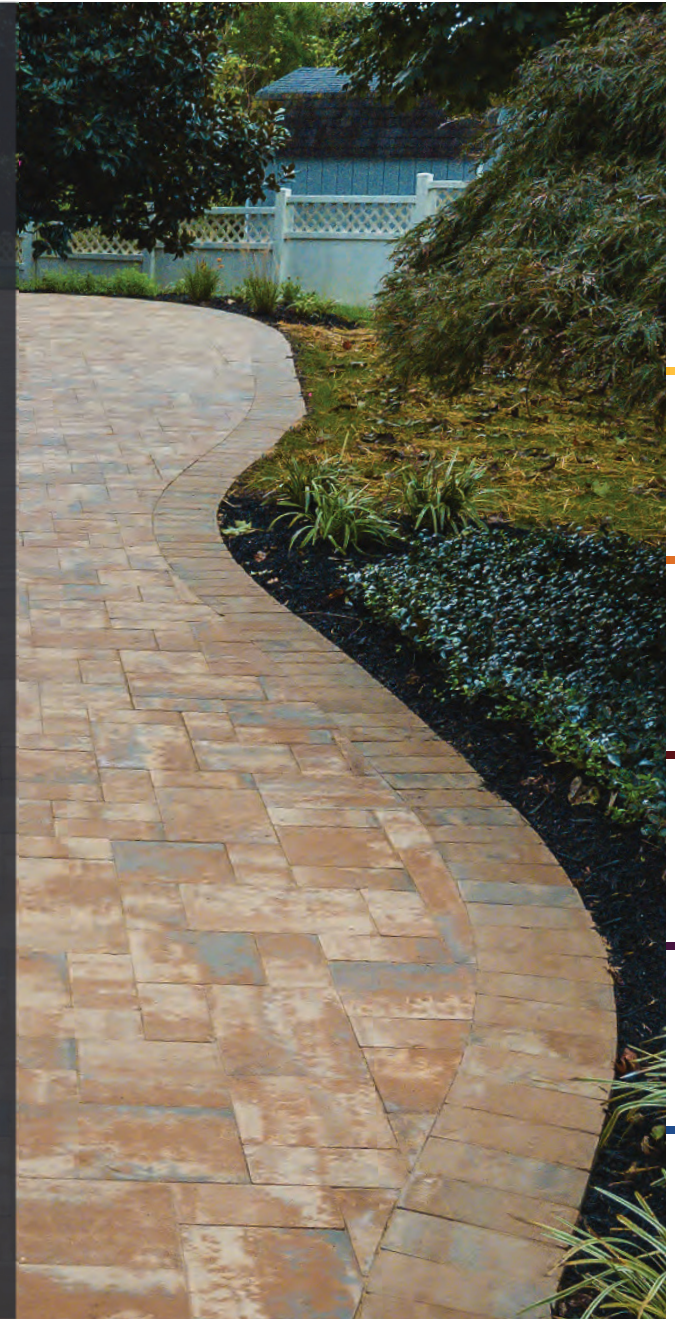

Tough enough to withstand the harshest elements and easy to care for, pavers are a great choice. Pavers are rated to be four times as strong as a typical concrete slab and unlike poured concrete, won't crack from ice heaves or invading tree roots.

VALUE

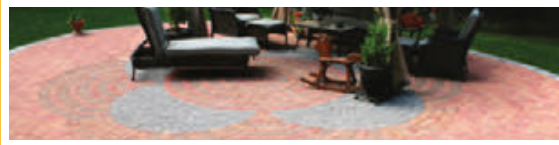

Paving stones are considered to be one of the few hardscape products that instantly add value to your home. The cost of concrete pavers is substantially less than other hardscape materials and provide an equally attractive appearance.

MAINTENANCE

Concrete pavers are easier to maintain and last longer without needing to be repaired. If a paver becomes stained or broken, it can be easily replaced individually without disturbing other pavers.

WHY NICOLOCK

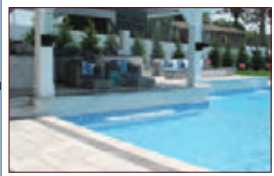

NICOLOCK HAS THE MOST BRILLIANT COLORS IN THE INDUSTRY

Nicolock pavers have the richest, most vibrant colors and come in a wide array of styles to harmonize with your home's exterior.

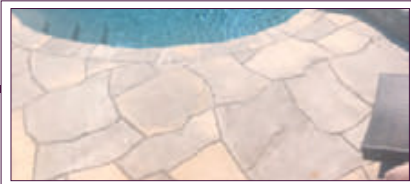

NICOLOCK MAKES SHAPING YOUR SPACE EASY

With our borders and accents you can create the appearance of a larger space or design a tranquil oasis to escape to after a long day. Bring your outdoor projects to life with Nicolock.

NICOLOCK WITH PAVER-SHIELD™ TECHNOLOGY IS ENGINEERED TO LAST!

Quality materials are precisely mixed to create our proprietary paver-shield™ blend. Nicolock pavers are a perfect choice for residential driveways, backyard patios and commercial applications.

NICOLOCK PAVERS PROVIDE IMMEDIATE GRATIFICATION

Additionally, they provide longer term return on investment when decide to sell your home. Whether it's curb appeal from a welcoming path to your door or an additional living space from a patio and outdoor kitchen, we have everything you need to build those sought after amenities.

NICOLOCK PAVERS ARE LOW MAINTENANCE AND EASY TO KEEP CLEAN

Just sweep and or rinse with warm soapy water. If a paver becomes damaged, its easy to replace without disturbing the stones around it.
